## Summer Art Contest

### How to draw a humpback whale:

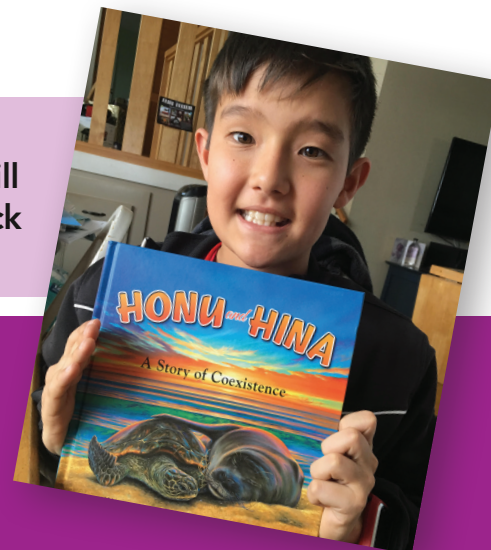

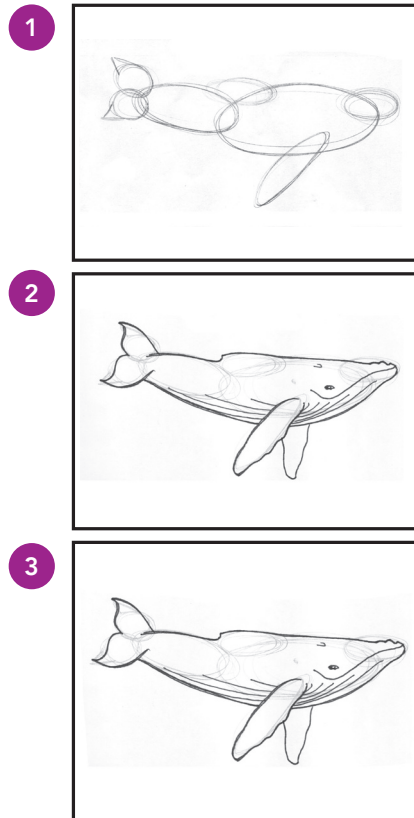

**Step 1:** With a pencil, press softly to form up the whale using two large ovals for the body and back section. Then use small ovals for the front of the mouth and the hump on the back. Then use two circles with points on them to form up the tail and long ovals for the front flippers.

**Step 2:** Using these shapes as a guide, complete your outline of the whale pressing harder with your pencil or using a pen.

**Step 3:** Finish your drawing by shading in the whale.

eMail your art to Kauai Family Magazine by July 11th. One of you will win the book *Honu and Hina* by Patrick Ching and Friends

It's easy to submit your art for our contest. eMail us, and include your name, age, grade, school and phone number.
