

ATTENTION YOUNG ARTISTS!!

Fall Art Contest

How to draw the Bullfrog:

They are smooth and green skinned compared to toads that are brown and bumpy skinned.

Bullfrogs were brought to the islands as a source of food.

Step 1: First form up the frog using ovals and circles. Remember to press softly at this stage in case you need to erase lines.

Step 2: Next outline the frog adding details at this stage.

Step 3: Finally color the frog using crayons or colored pencils. Tada!

Email your art to:

info@kauaifamilymagazine.com
by October 15th. One of you will win the book Honu and Hina by Patrick Ching and Friends.

It's easy to submit your art for our contest. eMail us, and include your name, age, grade, school and phone number.
